

## Maggy's says: Go for Givenchy Gold for Mother's Day!

Any mother would be happy to unwrap a golden bottle of the new special issue scents from Givenchy, introduced by Maggy's on the main street last week. Syrine Charfi, the Caribbean Representative for Givenchy joined the Maggy's staff for a champagne toast presentation of the vintage fragrances. One can choose from three limited edition scents by the French design house that will suite the taste of any mother, no matter what age or style.

Ararige, golden in color is deliciously scented with Mimosa from Grasse in France, a wild variety that is considered the finest source for this scent. The blossoms can only be found adorning the winter landscape of the French Riviera, where they fill the air with their delightful perfume.

Also golden in color and bouquet is Organza Jasmine from India, rich with the exotic scents of jasmine, Honeysuckle, Rose Wood, Gardenia, Peony, Ylang Ylang, Nutmeg, and Vanilla. This exotic, sensual fragrance as one would guess is based on the deeply exotic scent of jasmine that flourishes in the climate of southern India, near Madras, where it develops a luxurious scent. The flowers are picked at dawn, still fresh from the cool night.

Finally, pink as a fresh picked rose on which it is based, is Very Irresistible. The heady bouquet of the finest, pure Bulgarian roses, Centifolia Rose, Peony Rose, Fantasia Rose, Passion Rose, and Emotion Rose, combined with Verbena Leaf, and Star Anise results in a fresh, bright, and tender aroma, with a vivacious note.

These spectacular new scents from Givenchy are only available for a limited time, and just in time for gift giving. Maggy's touts a wide selection of gift sets that will make any mom happy, and they will be open on Saturday until 7:30 P.M. for last minute shopping.
